Ceramic Manufacturers' Association,

H. O. KHANAPUR, Dist. Belgaum.

OFFICE OF THE HONOURABLE THE PREMIER.
Recd. on
12 FEB 1949
4438

Ref. No.

Date 10th Feb. 49.

To,

The Hon.ble Minister for Industries
Government of Bombay, Bombay.

Sir,

The Ceramic Manufacturers Association, Khanapur, begs to submit that it understands with the greatest satisfaction that the Government of Bombay have agreed to take Electric Power from the Jog Falls in the Mysore Stage for Industrial and Agricultural development of the Southern part of the Bombay Province. The Association greatly appreciates the move of the Government for the the development of Industries and Agriculture which are the vital necessities of the Country to give employment and bread to the millions.

file

Khanapur Taluka of the Belgaum District and the adjoining territories of North Canara and Goa abound in minerals and forest wealth and for the best utilization of which electric power is of utmost importance. In Khanapur, at present, three Ceramic Factories and one paper factory are already working and a couple of more factories are in formation. It is therefore very necessary tom provide power to stabilize and grow these and other industries at this place.

The Association, therefore, requests the Government to so align the Power Transmission Line that Electric Power would be made available to all the tract mentioned above and to Khanapur

If the main transmission line be taken via. Dandeli, Londa, Khanapur, Belgaum and further on to Poona, not only the above requirements will be fulfilled, but the following objects will also be served.

1 It will be very economical, being the nearest, to feed the transmission line with additional electrical energy which may be produced by impounding reservoirs at various places on the Sahyadri.

2 It will form the shortest and most economical link in the future grid system of the Country.

3 It will help electrification of the M.S.M. Railway in future, the railway line being practically parallel.

Yours faithfully.

President,
Ceramic Manufacturers Associati
Khanapur.

Copy forwarded to The Hon'ble The Prime Minister, Government of Bombay for favour of kind consideration & suitable action.

Below Govt. P.W.D., U.O.R.No. 2004/36/1967 dated 23/2/1949.

Electric Grid Offices

Power supply to Khanapur was considered in the original proposal for the utilisation of Jog Power in the Southern Districts of Bombay Province including Belgaum, on the assumption that a block of about 10,000 K.W. would be available in the first instance and an additional 20.000 K.W. after 5 years of service. And now only 10,000 K.W. in all at 110 K.V. Bus-bars at Jog have been agreed to by the Government of Mysore. This block of Power is not adequate to enable supply being made at Khanapur and Belgaum in addition to meeting the requirements of Industries at Hubli Gadag and Dandeli areas. Moreover, Khanapur is about 40 miles further north from Dandeli, and even if it is possible to spare a small amount of power, the cost of transmission would be prohibitive and uneconomic. The Ceramic Manufacturers' Association may however be asked to intimate the approximate total quantity of power required for their works and other Industries in Khanapur during the next 5 years so that the question may be examined and the load included in the estimates of Kalinadi-Supa Hydro Electric Scheme.

Dear Sir,

(No. 29/1113/49)

It is with high intention am approaching you to obtain some information about the supply of electricity from Jog Falls, to Bombay Karnatak this information is urgently required to fix-up the location of a Sugar factory which we are intending to open in Karnatak.

P.T.O

1). How many days more it will take to obtain the electric energy for the use of industries in Karnataka

2). At which place (Border of Bombay Province) the energy will be made available by the Mysore State

3). By which way the electric wires will flow through Karnataka.

4). Suppose a factory is situated at a place about some miles away from the electric wires it is possible to obtain the energy for such factory? If so the condition under which the energy will be supplied to such factory.

5) What will be the rate for the industrial purposes?

6). What is the postal address of the office where we can register our demands

Any other information worth to consider in this connection may also be communicated to me at your earliest convenience.

Dear Sir,

Subject:-Power Supply from Jog.
Reference:-Your letter No.SF.16/B dated 4-3-49.

The question of power Supply from Jog is under consideration of Government and according to this Scheme, the distribution lines are proposed to be extended to the lift irrigation centres at Airani, Tumminkatti, Chikkalurnvatti & Guttal. You may contact the Director of Agricultural Engineering, Government of Bombay, Poona, about possibility of locating a sugar factory near any one of the above places, and send us his recommendations so that the question of power supply for such a factory may be examined by this Department.

We request you to let us know if your organisation has been registered, the necessary capital raised and the required machinery & equipment has been ordered.

Yours faithfully,

B.K.Rao

OBJECTS

The Company has been generally formed for the several objects set out in the Memorandum of Association which forms part of this prospectus and particularly for the purpose of,

Extracting of vegetable oils, manufacturing of soaps, vegetable Ghee, and such other products and dealing in them

Carrying on the business of ginning, spinning, weaving, manufacturing, Dyeing Colouring, or printing yarn cloths, Fibre and Fabrics cotton, wool, silk and other staple fibres and materials of any other fabrious substances.

Generating and Developing and accumulating Electric power and transmitting and distributing such power and also for acting as distributors, or Agents of any other Generating and Electrical supplies.

Carrying on the business of powdering of chillies, Bettlenuts and other cavels.

FACTORY

It is intended to erect oil expellers in the first instance at Byadgi and with the development of business, at other suitable centres also. Byadgi is a favourable centre both with regard to raw materials and consuming Markets of Bombay, Madras and some places of Mysore state.

PROSPECTUS

Vegetable or Vanaspati Ghee is pure and popular article of food and it is largely and increasingly in demand in India and has become substitute for natural Ghee, which now-a days is scarcely available in pure form. India probably produces the largest quantity of ground-nut seeds in the world. Large scale utilisation of Ghee will be of great benefit to the Indian agriculturist. The proper growth and expansion of Vanaspati Industry is mainly dependent on groundnuts and the same is available in abundance in this part. Though there are a few companies of similar type in the Karnatak the promoters feel that the existing and contemplating production is inadequate to meet with present and the future growing demand. From the statistical evidence at their disposal they are satisfied that this will be a promising field of Manufacture. It is estimated on conservative basis that after the products are in the market the profit will be sufficient to declare a decent dividend. Besides, the Management is able to secure the cooperation of persons who are already in this trade and their vast experience in marketing of vegetable oils and products will be available to the Company right from the start.

MANAGEMENT

M/s Jayadeva Company (a Partners firm). Byadgi have been appointed the managing agents of the company on the terms & conditions contained in the managing agency agreement, for a period of twenty years from the date of incorporation of the company, which is open for inspection at the registered office at Byadgi.

CONTRACTS AND AGREEMENTS

An agreement has been entered into with the Jayadeva Company appointing them as managing agents of the Company. According to that agreement the following are the Condtions and remunerations payable to the Managing Agents.

1). A monthly allowance of Rs 300/— Payable when the company errects two oil expellers and Rs 500/— when it errects four or more expellers and Rs 1000/— when textile Industry is started.

2). The managing agents shall be entitled to be reimbursed by the company for the values of machineries and buildings purchased or added for the Company and no commissions will be paid by the company on this account but the actual carriage and travelling expenses incurred in exporting and importing machineries to Byadgi will be payable to M/s. Jayadeva Co. by the above limited company.

3). A commission of 1% on the values of raw materials and finished goods, purchased and sold on behalf of the company shall be payable to the Jayadeva Company.

Subject.... Idea to undertake the contract of supplying Electricity of Joga-falls.

Dear Sir,

There is a great and strong rumour afloting that the Bombay Govt is not going to take up the work of receiving electricity for Karnataka either from Hari-Har--- Haveri route or directly from Joga falls-Hubli route on the ground that it would be a great loss to the Govt and this has been specifically mentioned in the statement of Dr.Gilder himself.

Under this circumstance we have to bring to your kind attention that there are many a private people who are enthusiastic and anxious to take up the work on contract basis.

For example, the above limited company has been floated with several objects. Out which, Generating, developing, accumulating such power and also for acting as distributors, or Agents of any other generating and electrical supplies, is one of the main and immediate objects of the Company. Therefore, the above Company is prepared to take

OBJECTS

The Company has been generally formed for the several objects set out in the Memorandum of Association, which forms part of this prospectus, and particularly for the purpose o

Extracting of vegetable oils, manufacturing of soaps, vegetable Ghee, and such other products and dealing in them.

Carrying on the business of ginning, spinning, weaving, manufacturing, Dyeing Colouring, or printing yarn cloths, Fibre and Fabrics cotton, wool, silk and other stapl fibres and materials of any other fabrious substances.

Generating and Developing and accumulating Electric power and transmitting and distributing such power and also for acting as distributors, or Agents of any other Generating and Electrical supplies.

Carrying on the business of powdering of chillies, Bettlenuts and other cavels.

FACTORY

It is intended to errect oil expellers in the first instance at Byadgi and with the development of business, at other suitable centres also. Byadgi is a favourable centre both with regard to raw materials and consuming Markets of Bombay, Madras and some places of Mysore state.

PROSPECTUS

Vegetable or Vanaspati Ghee is pure and popular article of food and it is largely and increasingly in demand in India and has become substitute for natural Ghee, which now-a days is scarcely available in pure form. India probably produces the largest quantity of ground-nut seeds in the world. Large scale utilisation of Ghee will be of great benefit to the Indian agriculturist. The proper growth and expansion of Vanaspati Industry is mainly dependent on groundnuts and the same is available in abundance in this part. Though there are a few ccmpanies of similar type in the Karnatak the promoters feel that the existing and contemplating production is inadequate to meet with present and the future growing demand. From the statistical evidence at their disposal they are satisfied that this will be a promising field of Manufacture. It is estimated on conservative basis that after the products are in the market the profit will be sufficient to declare a decent dividend. Besides, the Management is able to secure the cooperation of persons who are already in this trade and their vast experience in marketing of vegetable oils and products will be available to the Company right from the start.

MANAGEMENT

M/s Jayadeva Company (a Partners firm). Byadgi have been appointed the managing ents of the company on the terms & conditions contained in the managing agency agree- ent, for a period of twenty years from the date of incorporation of the company, which is open for inspection at the registered office at Byadgi.

CONTRACTS AND AGREEMENTS

An agreement has been entered into with the Jayadeva Company appointing them as managing agents of the Company. According to that agreement the following are the Condtions and remunerations payable to the Managing Agents.

1). A monthly allowance of Rs 300/— Payable when the company errects two oil expellers and Rs 500/— when it errects four or more expellers and Rs 1000/— when textile Industry is started.

2). The managing agents shall be entitled to be reimbursed by the company for the values of machineries and buildings purchased or added for the Company and no commissions will be paid by the company on this account but the actual carriage and travelling expenses incurred in exporting and importing machineries to Byadgi will be payable to M/s. Jayadeva Co. by the above limited company.

3). A commission of 1% on the values of raw materials and finished goods, purchased and sold on behalf of the company shall be payable to the Jayadeva Company.

4). When the Company attains the position of paying a dividend of 4% an annua bonus of 5% and when it attains the position of paying a dividend of 6% an annua bonus of 10%, of the net profit shall be payable to the managing agents.

5). The Managing Agents have the full right to appoint or discharge all th paid servants on behalf of the Company and their remunerations are borne by the Compan

6). The aforesaid monthly allowance shall be payable to the managing agents fron the date on which the company begins to manufacture on a commercial basis or scal such date to be fixed by the Board of Directors.

MININMUM SUBSCRIPTION

The minimum subscription upon which the Directors may proceed to allotment i 1000 shares of the nominal value of Rs. 100000/—.

DIRECTORS QUALIFICATIONS

The qualification of a Director other than the Ex-officio Directors is the holding i his own name and not jointly with others of shares in the capital of the Company of th value of at least Rs. 5000/

EX-OFFICIO DIRECTORS

The Managing Agents of the Company are given the right of appointing subjec to the provisions of articles of Association; not more than 1rd persons as Directors of th Company and such of those provisions in the articles of Association of the Compa that pertain to qualification Shares retirement in rotation (except at the first ordin General Meeting and removal of Directors) are inapplicable to them.

REMUNERATIONS OF DIRECTORS

Every Director attending a meeting of the Board of Directors will be entitled to be paid a sitting fee of Rs. 20/- and in the case of Directors coming from outside Byadgi, they will be paid all their actual expenses incurred in their travelling & other out of pocket expenses. The Chairman of Board of Directors will be paid an extra sitting fee of Rs. 20/-

INTEREST OF DIRECTORS

Shri. M. C. Shettar and Shri. Danappa Basappa Kabbur, these two Directors are also the partners of the Jayadev Company, the Managing Agents and as such are interested et the remunerations payable to the Managing Agents. The preliminary expenses have been incurred by the said Jayadev Company and the same are payable to them by the Company and the said M.C.Shettar, Danappa Kabbur are interested as such partners and Directors in such payments accordingly.

No other Director is in any way interested except in the fees and travelling expens payable to them for attending the Board meeting.

UNDER WRITING AND BROKERAGE

The underwriting commissions payable to the said underwriters by the company is 4% on the nominal amount of the said issue of Shares. Brokerage at the rate of 2% will be paid and borne by the underwriters to the Bankers and recognised brokers on allotment made in respect of application bearing the stamp of such brokers and Bankers. The Directors are satisfied that the resources of the underwriters are sufficient to discharge their underwriting obligations.

PRELIMINARY EXPENSES

The preliminary expenses of the Company exclusive of underwriting commissions and brokerage shall not exceed Rs. 10,000/-.

PROMOTIONS TO THE PROMOTERS

An amount of Rs. 2000/- shall be payable to the promoters of the Company when the work of the Company is started.

REGISTRATION ON SHARE TRANSFER

The Transfer of Shares to an infant, a person of unsound mind will not be registered. The Director may also decline to register the transfer of shares on which the Company has a lien or if they do not approve of transfer.

19

In the General meeting every member present in person on a show of hands, has one vote; and on a poll every member present in person or proxy shall have one vote for every share held by him. A member who is in arrears of calls will not be entitled to vote.

APPLICATION FOR SHARES

Application for shares should be made on the form accompanying this prospectus and forwarded with the application money of Rs. 15/- per share applied for. to the Managing Agents or the Bankers of the Company. The Directors reserve themselves the right of refusing, to allot any or all the shares applied for. In case no shares are allotted the whole of the application money will be refunded to the applicant at his expenses and if less number of shares is allotted the excess will be utilised for payment for amount due on allotment and if any balance is left it would be refunded to the applicant at his expenses.

INSPECTION OF DOCUMENTS

The Company has not established any other place for business in British India but the Memorandum and Articles of Associations and the Copy of the managing agency agreement may be inspected at the registered office of the Company during the business hours. Prospectus and the forms can be obtained from the Company's bankers or the Registered Office of the Company.

NUMBER OF DIRECTORS

Unless otherwise determined by a General meeting and subject to the provisions of sect. 83A and 83B of the Act the number of Directors shall not be less than seven or more than fifteen, inclusive of two ex-Officio Directors on behalf of the Managing Agents, if the total number of Directors is seven; and three ex-officio Directors if the total number of Directors is nine; and four if twelve; and five if fifteen.

Subject..... Idea to undertake the contract of supplying Electricity of Joga Falls.

Dear Sir,

There is a great and strong rumour afloating that the Bombay Govt is not going to take up the work of receiving Electricity for Karnataka either from Hari-Har.. Haveri route or from Directly from Joga falls-Hubli route on the ground that it would be a great loss to the Govt and this has been specifically mentioned in the statement of Dr.Gilder Himself.

Under this circumstances we have to bring to your kind attention that there are many a private people who are enthusiastic and anxious to take up the work on contract basis.

For example, the above limited Company has been floated with several objects. Out of which, generating

generating, developing, accumulating electricity or power and transmitting and distributing such power and also for acting as distributors, or Agents of any other generating and Electrical supplies, is one of the main and immediate objects of the Company.

Therefore, the above Company is prepared to take up the work and is ever ready for such contract.

Anticipating we would be allowed, we request you to very kindly extend your kind cooperation by sending the estimation of Income and Expenditure made by the ~~xxxxxxx~~ Govt at prsent for receiving power from Joga falls from both routes.

Please also inform us on what basis this work will be entrusted to us. We shall just go through the estimations so that we may be ready for undertaking the work.

2. Please see the H.M., P.W.D's. orders on page 23 ante. The question regarding the utilisation of electrical energy from the Jog Falls is yet under consideration of Govt. So far as office remembers the question of entrusting the distribution work of this power to private parties was raised in a representation by the Karnatak M.L.As. File No.S.95/32212, containing this representation, was submitted to the H.M., P.W.D., along with File No.2004/36/35963, dealing with Dr.Ram Prasad's report on the utilisation of Jog Power, on the 3-9-47 for specific orders on the question refd. to at 'A' above. These Files are not at present with the H.M., P.W.D. and a search for them is being made by the P.A. to the H.M. (In this connection it is noted that from enquires made with P.As. to other H.Ms. it is ascertained that the Files were personally handed over to the P.A. to H.M., P.W.D. by the P.A. to H.M., L.S.G. on the 14-10-47).

Subject:- Contract for supply of energy from the Jog Falls.

.....

Dear Sirs,

With reference to your letter No.555, dated the 6-1-48, on the subject mentioned above, I am to state that if you wish to take up distribution of energy available from the Jog Falls, it is for you to work out a scheme and to apply to Govt. for a license for such distribution. In this connection I am to add that a model form of application for a license, accompanied by Memo. of Instructions regarding the procedure in submitting the application, can be had, on payment of annas three (exclusive postage), from the Electrical Engr. to Govt., P.W.D. Offices, ----Churchgate Street, Bombay.

Yours faithfully,

D.A.:- Nil.

Sir,

I have the honour to invite your kind attention to your Office No.2004/36-El,dated 19th Feb.,1948 addressed to the Gourishankar Industries Ltd.,Byadgi. It may please be noted that the representatives of the said Gourishankar Industries Ltd.,interviewed the Hon'ble Minister,P.W.D.,at Bombay on the 6th instant. Subsequently a meeting of the factory owners of the three Talukas of Haveri,Hirekerur and Ranebennur,was held at ~~Byadgi~~ Ranebennur on the 18th instant at which the representatives of the Gourishankar Industries Ltd., Byadgi were also present. The said representatives explained at the meeting the discussions they had with the Hon'ble Minister P.W.D.,on the 6th instant and stated that they were prepared to take further initiative in the matter of taking up distribution of energy available from the Jog Falls if the other factory owners in these parts supported them or in the alternative would join hands with any independant Company that may be started for the purpose. On their assurance, the Meeting resolved unanimously that a Joint Stock Company including all the factory owners in the three talukas,should be formed under the designation of " The Karnatak Electric Supply Company Ltd.,Ranebennur " with a share capital of Rs.50,00,000/- and that the new Company should take up the distribution of electric energy available from the Jog Falls. The Gourishankar Industries Ltd.,Byadgi have also merged and the representatives handed over your letter No.2004/36-El, dated 19th Feb.,1948 for further action in respect of obtain-

-ing

2004/36/10601

obtaining license etc., on behalf of the proposed Company.

I have accordingly requested the Electrical Engineer to Government, P.W.D. Office for supply of a model form of application for a license and Memorandum of Instr-uctions for submitting the application.

Your obedient servant,

For Karnatak Electric Supply Co.Ltd., Ranebennur.

P. B. No. 31 HUBLI, (M. S. M. RY.) 19th March 1948

Hon'ble Dr.M.D.D.Gilder
Minister for P.W.D.& Health
Government of Bombay
B O M B A Y.

Sir,

Subject:- Electricity for the Jog(Mahatma Gandhi) Hydro-Electricity Generating Station to Hubli area, a distance of about 100 miles.

It is reputed that Government of Bombay do not want to take up the above scheme, which Mysore Government have now developed at greatt cost, for the present and prospective Agricultural and Industrial development as they are doubtful of its being a paying proposition, and, therefore, see no reason why they should invest Public funds in such a scheme.

If it is so, will Government of Bombay be prepared to allow a Public Limited Liability Company (Public Share holders Company) having enough subscribed capital with qualified and experienced men in the line to under-take the scheme on their own responsibility, but, of course, under the Government rules and regulations with some Government help at the initial stage for obvious reasons.

On hearing in reply, the scheme will be submitted to Government for approval. An early reply is solicited as it is very urgent.

Thanking you,

We are,
Sirs,
Yours faithfully,
For K. Industries Limited.
